

Printmaking

The course will cover some basic skills and developmental drawing especially designed for printmaking using lino cut; how to use the tools and printing on a variety of surfaces including fabric.

There will also be an introduction to collagraph printing using a variety of print colours.

You will have the opportunity to use your own ideas for images and your own choice of fabrics.

This course is designed to be an exploration of what you can do with print while making it fun at the same time.

Tools will be provided but there will be a small additional cost towards materials as we move on in the course.

Please bring your own A3 sketchbook and a selection of pencils. Some preliminary ideas on images that you would like to print would also be useful even though we will be experimenting with image design during the course.

Your tutor will regularly review your activities and offer support and guidance. You will be encouraged to identify small realistic and achievable goals to work towards during the course and will be asked to keep a learning log to monitor your progress and achievement within the group. There is no qualification associated with this course.

Entry Requirements

This course is aimed at adults aged 19 years and over (as at 31st August 2019). Classes are open to beginners and intermediate learners who are looking to extend their skills

What's Next

Your tutor will be able to advise you of any follow on or suitable alternative opportunities.
