

COVID 16-19 TUITION FUND

Published 26 January 2021

In the summer of 2020, the government released additional funding for one-year for schools and colleges to help mitigate the disruption to learning arising from coronavirus.

Here at Gloucestershire College we are utilising this 16-19 tuition fund in two ways:

- 1) We have appointed English and maths coaches – these staff work with the English and maths teaching team to work with learners who have not yet achieved a grade 4 in these subjects. They coach the learners either one-to-one or in small groups particularly focusing upon those who are struggling to engage, those with identified gaps in subject knowledge, and those identified by the tutors as requiring extra tuition.
- 2) Providing study coaches to specifically work with one-to-one and small groups to support those who are struggling on their main programme. This might be vocational/subject specific support or developing study skills so they can be successful.
