[safeguarding@gloscol.ac.uk](mailto:safeguarding@gloscol.ac.uk)

## What is neglect?

Neglect is the on-going failure to meet a young person's basic needs. A young person may be left hungry or dirty, without adequate clothing, shelter, supervision, medical or health care. A young person may be put in danger or not protected from physical or emotional harm. They may not get the love, care and attention they need from their parents.

A young person who is neglected will often suffer from other **abuse** as well. Neglect is dangerous and can cause serious, long-term damage - even death.
