

## Quality Controlled Document

**Policy:** Health and Safety

**Date:** September 2023

**Approved By:** Director of IT & Estates

---

### SCOPE

This policy applies to all staff, students, contractors and visitors within College premises or on College business at other locations including off-site activities.

### POLICY STATEMENT OF INTENT

Gloucestershire College recognises and accepts its responsibilities for providing a safe and healthy place of work and study for employees and students. The College will take steps to ensure that its statutory duties are met at all times.

- Each employee and student will be given such information, instruction and training as is necessary to enable their safe performance of work activities and studies.
- Managers will ensure that all processes and systems for work are designed to take account of health and safety and are properly risk assessed and supervised at all times.
- Adequate facilities and arrangements will be maintained to enable employees and their representatives to raise issues of health and safety.
- Employees and students are expected to co-operate, as the successful implementation of this policy requires total commitment from employees at all levels of the organisation.
- Each individual has a legal obligation to take reasonable care for their acts or omissions. Full details of the organisation and arrangements for health and safety are set out in separate Health and Safety Procedure documents.
- Health and Safety is integral to all of our activities and in particular our person-centered approach to learning and development.
- This policy will be regularly monitored to ensure that the objectives are achieved. It will be reviewed and, if necessary, revised in the light of legislative or organisational changes.

### AIMS

The aim of the College is that its procedures will be recognised as best practice, through a continuous improvement process, in all areas and thereby contribute to the maintenance of safe and healthy learning environments.

## OBJECTIVES

- All premises, environments and equipment meet or exceed statutory requirements.
- Risk is managed and reduced to as low as is reasonably practicable by the application of the risk assessment process.
- Staff are competent for the roles they undertake and receive training to maintain and enhance their skill and knowledge.

## DEFINITIONS & SPECIFIC SUBJECT SECTIONS

This document is established by the Health and Safety at Work Act 1974 and makes a Statement of intent in respect of the College's health, safety and welfare obligations. The Organisation, i.e. persons with responsibility are detailed on this [Link](#) and are responsible for translating the statement into actions. Arrangements are detailed in the Health and Safety Procedure documents which are published electronically.

## ORGANISATIONAL CORPORATE RESPONSIBILITIES

- The Governing Body of Gloucestershire College is ultimately responsible and accountable for ensuring that the College complies with its statutory health and safety obligations.
- Executive responsibility for health and safety management within the College is vested in the Principal who will be assisted in the discharge of his duties by the Executive Team. The Principal is responsible for ensuring that:
  - The Chair or Vice Chair are advised immediately of any major incidents, whether or not anyone is injured; and
  - The Governing Body receives a report at least once a year regarding the discharge of their Health and Safety responsibilities, including a section on the training given to staff and students and an annual benchmarking of incident statistics.
- In the Principal's absence, a designated Senior Post holder will assume overall responsibility for health and safety management.
- The College Health and Safety Team is to provide a source of competent advice and guidance to all staff.
- All accidents are reviewed and monitored and where considered appropriate accidents are to be fully investigated by the college Health and Safety Team.

- In addition, managers will be responsible to the Principal for ensuring that:
  - Risk assessments are undertaken for all activities being carried out within their areas of control whether on site or off site and copies submitted to the health and safety team for publishing on the central Health and Safety Sharepoint site.
  - Safe working procedures and practices in the workplace are regularly monitored for compliance and effectiveness.
  - All equipment for which they are responsible is maintained in a safe and satisfactory condition and where necessary inspected, tested and appropriate records kept in accordance with statutory requirements.

## **INDIVIDUALS' RESPONSIBILITIES**

All individuals are reminded that they have a legal duty under Sections 7 and 8 of the Health and Safety at Work Act 1974 to:

- Take reasonable care of their own health and safety whilst at work / college.
- Take reasonable care for the health and safety of other persons whilst at work /on college premises, who might be affected by the things they may or may not do during the course of their employment / presence on site.
- Co-operate with those arrangements made by Gloucestershire College in compliance with its statutory obligations. This will include understanding the specific evacuation procedures for each site.
- Take care of, and not intentionally or recklessly interfere with or misuse, anything provided in the interests of health and safety e.g. fire alarms, fire extinguishers.
- Not indulge in horseplay or practical joking in the workplace / college.

## **MONITORING PROCESS**

Internal observations and audits will be undertaken by Safety Representatives and the Health and Safety Team. External audits will be carried out by funding authorities and/or external auditors.

## **PROCEDURES**

All procedural matters relating to health, safety and welfare are covered by the procedures published electronically on the Health and Safety Procedures Sharepoint area via this [Link](#).

## **TRAINING**

Additional training information to support staff meet their obligations is provided via online mandatory Health and Safety training course. Additional material is also available on Learnupon, and Moodle. Any additional specific Health & Safety Training can be arranged via the Health and Safety Team.
