# Compliments, Complaints and Feedback Policy

## September 2022

### 1. Scope

- 1.1 This policy applies to all services the College provides and is available to students, former students, employers, members of the public, and College employees who wish to raise a complaint or compliment about the service they have received from the College.

This policy does not cover issues relating to individual employment matters as these are the subject of separate procedures such as the College's grievance procedure.

- 1.2 Higher education students studying on a programme validated by one of our partner Universities need to use the College's complaints procedure (Talkback) before escalating a complaint to a University. Every effort has been made to align this procedure to indicators described in the UK Quality Code for Higher Education [Concerns, Complaints and Appeals and Admissions, recruitment and widening access]. Once the College processes have been exhausted Higher Education students may complain to their partner University using their complaints policy. The College will provide all necessary evidence and details pertaining to the complaint to the University as appropriate.
- 1.3 Higher education students who are dissatisfied with the outcome of a complaint may be entitled to complain to the Office of the Independent Adjudicator, or the Quality Assurance Agency.
- 1.4 Further education students who are dissatisfied with the outcome of a complaint may be entitled to complain to the Skills Funding Agency or Ofsted.
- 1.5 Apprenticeship students who are dissatisfied with the outcome of a complaint may be entitled to complain to the National Apprenticeship Service.
- 1.6 Complaints must be registered within the academic year in which they take place. In the majority of cases the end date will be 31 July of each academic year. The College will not normally investigate any complaints made more than three months after the incident.
- 1.7 Whilst the College values all complaints, the College will not usually consider or investigate complaints that are received anonymously as this can impede any investigation and communication of an outcome.

However, an anonymous complaint may be considered when the College accepts that there is a compelling case for the matter to be investigated provided there is supporting evidence for the complaint. Where an anonymous complaint is pursued, this will be recorded on the complaints database.

- 1.8 The College will not accept or act upon malicious complaints. The College may take disciplinary action against a complainant where a complaint is found to be malicious. The College may also terminate consideration of a complaint if it considers it to be inappropriate. In such instances the College will inform the complainant why it is terminating consideration of the matter and how to appeal against the decision.
- 1.9 The College will usually only investigate complaints received on behalf of someone else if the complainant is under 19 years of age, or if he/she is over 18 and entitled to community care services and support, and protection (a vulnerable adult) and/or has a learning difficulty or disability and they require assistance with raising their complaint. Where issues affect a whole group, students may submit a complaint as a group complaint. In such a circumstance the College may ask the group to nominate one student to act as group representative.
- 1.10 If a complainant wishes someone else to raise concerns with the College on their behalf, please note that the College has a legal obligation under the Data Protection Act 2018 with regard to the sharing of personal data with third parties. Therefore, in most circumstances the College will require the written permission from the data subject to share their personal data with a third party. Before such content is obtained, the complainant must consider whether their complaint will include any personal data about them. If this is the case, the College needs to be told in advance whether the complainant consents to disclosure of their personal data to the third party raising the complaint on their behalf and what information can be disclosed.
- 1.11 The College operates a staged complaint procedure (see Talkback procedure for further information). All formal complaints, including any decisions reached, are recorded on the complaints database.
- 1.12 Student input is essential in understanding the customer experience and must be used by both academic and professional services teams to inform their quality processes. Any shortcomings in the level of service identified by a complaint must be examined to ensure that the root causes of complaints are addressed.
- 1.13 Students raising a complaint may be advised of the support services available, such as Learner Support, Student Services, Study Skills, which can provide helpful independent support and advice.

- 1.14 The College will make reasonable adjustments to this procedure in accordance with our obligations under the Equality Act 2010.
- 1.15 The College may offer, where required, appropriate support for Learners with Learning Difficulties or Disabilities to engage in the complaint procedure in accordance with our obligations under the Equality Act 2010.

## **2. Introduction**

- 2.1 Gloucestershire College aims to provide a high quality service to all students, employers, partner organisations, members of the public and employees.
- 2.2 Feedback on the services the College provides is welcomed and this may, from time to time, include dissatisfaction with aspects of the College's services. Anyone who feels it is appropriate to express dissatisfaction should be offered the opportunity to report the circumstances openly and confidently to the College with full assurance that it will be received in a manner which reflects the caring philosophy of the organisation. No complainant will be treated less favourably on the grounds of any of the protected characteristics as defined by the Equality Act 2010.
- 2.3 Similarly anyone who wishes to formally compliment the College on aspects of our service, actions, or who wishes to feedback on experiences at College is welcome to do so through the Talkback procedure.
- 2.4 Confidentiality will be respected throughout the operation of this policy, except where any other legal obligation prevails which requires disclosure. Otherwise information will only be released to those who need it for the purposes of investigating or responding to the complaint.
- 2.5 There are separate policies and procedures for dealing with matters such as academic appeals, disciplinary action, or staff grievance. This policy does not replace these.

## **3. Aims**

- 3.1 To deal with each expression of dissatisfaction courteously, sympathetically, fairly and objectively.
- 3.2 To offer an appropriate remedy to anyone who is adversely affected by a service that fails to meet its standards.
- 3.3 To provide procedures for handling complaints which are fair, accessible and timely, and enable enhancement.

- 3.4 To provide opportunities for students, employers, partner organisations and members of the public to raise matters of concern without risk of disadvantage.

## Compliments, Complaints and Feedback Procedure (including how to appeal a decision)

### Stage 1

#### Students and Apprentices

Students and apprentices are encouraged to resolve issues locally before a concern becomes a complaint. This can be done through various channels:

- Students can raise concerns directly with the person who, in your opinion, is responsible for the problem or with a teacher / leader/ training co-ordinator or assessor.
- Where applicable students can raise issues with their course or programme student representative who may take this to staff / student course meetings or to student forum meetings.

#### Employers

Employers are encouraged to attempt to resolve concerns locally. However, if an employer is dissatisfied, or has concerns with the service provided by the College, they can:

- Raise a concern with the training co-ordinator, assessor or work based learning manager.
- Raise concerns with the Business Development Team.
- Raise a concern with the Director of Employer Training.
- Use an employer forum to bring concerns to attention of managers.

#### Others

Former students, parents, members of the public, employees, or any incidental user of the College services who are dissatisfied or have concerns about the service provided, should, in the first instance, raise the issue directly with the person who, in their opinion, is responsible or with the supervisor or manager responsible for the area concerned. For example, if you have a concern regarding College restaurant facilities you should contact the Restaurant Manager.

The College will aim to conclude Stage 1 without unreasonable delay. The outcome of the informal resolution will usually be communicated in writing to the complainant and should include an apology, if appropriate.

If the complainant does not know who to contact, or is dissatisfied with the informal resolution, or has a more serious concern then the matter should be raised formally using Stage 2 of the procedure.

### Stage 2

If your concern has not been resolved at Stage 1 you can progress your complaint to Stage 2 of the procedure. Complaints should be directed to the Improvement Support Officer, using one of the methods identified in 4.3.

In your correspondence you should clearly identify the nature of your concern at Stage 1, and, if appropriate, the individual against whom the complaint is being made. Any relevant evidence may also be submitted. You should also include what has been done to attempt to resolve this. Where the College requires additional information from the complainant, such information should be provided to the College within 5 working days to allow sufficient time for the College to fully consider the complaint.

We will acknowledge receipt that we have received your form within 3 working days. The complaint will be forwarded to the appropriate Manager who will take responsibility to fully investigate the matter. The College's Manager will consider the complaint provided they have had no prior involvement in the complaint at Stage 1 in which case an alternative Manager will consider the complaint.

The College aims to provide you with a formal response within 15 working days. If we are unable to do so in this timescale you will be kept informed of our progress and a likely timeframe for a response.

### **Stage 3**

If you wish to appeal the outcome/decision of Stage 2 you may wish to proceed to Stage 3 which is the final stage of the College procedure (appealing a decision). This should be made in writing within 10 working days of when you received the Stage 2 response. You should explain in detail why you wish to appeal the outcome/decision of Stage 2. Correspondence for Stage 3 should be addressed to the Director of Student Employment and Experience, Gloucestershire College, Llanthony Road, Gloucester, Gloucestershire, GL2 5RQ. If the Director of Student Employment and Experience has had any prior involvement in the matter, the complaint will be considered by an alternative member of the Executive team.

We will acknowledge receipt of your request for a Stage 3 review within 5 working days. The Director of Student Employment and Experience may consider whether there are any alternative means of resolving the complaint or may uphold the Stage 2 decision.

The Director of Student Employment and Experience will aim to provide you with a response (together with reasons for any decision reached) to your Stage 3 complaint within 20 working days. If we are not able to do so within this timescale, we will write to you and let you know a likely timeframe for a response.

### **Higher Education**

For complaints from Higher Education students the College will issue a Completion of Procedures letter within 28 days to enable a student to request an external review by the OIA if he or she remains dissatisfied at the conclusion of the review stage.

This is the final stage of the College's complaints Talkback procedure.

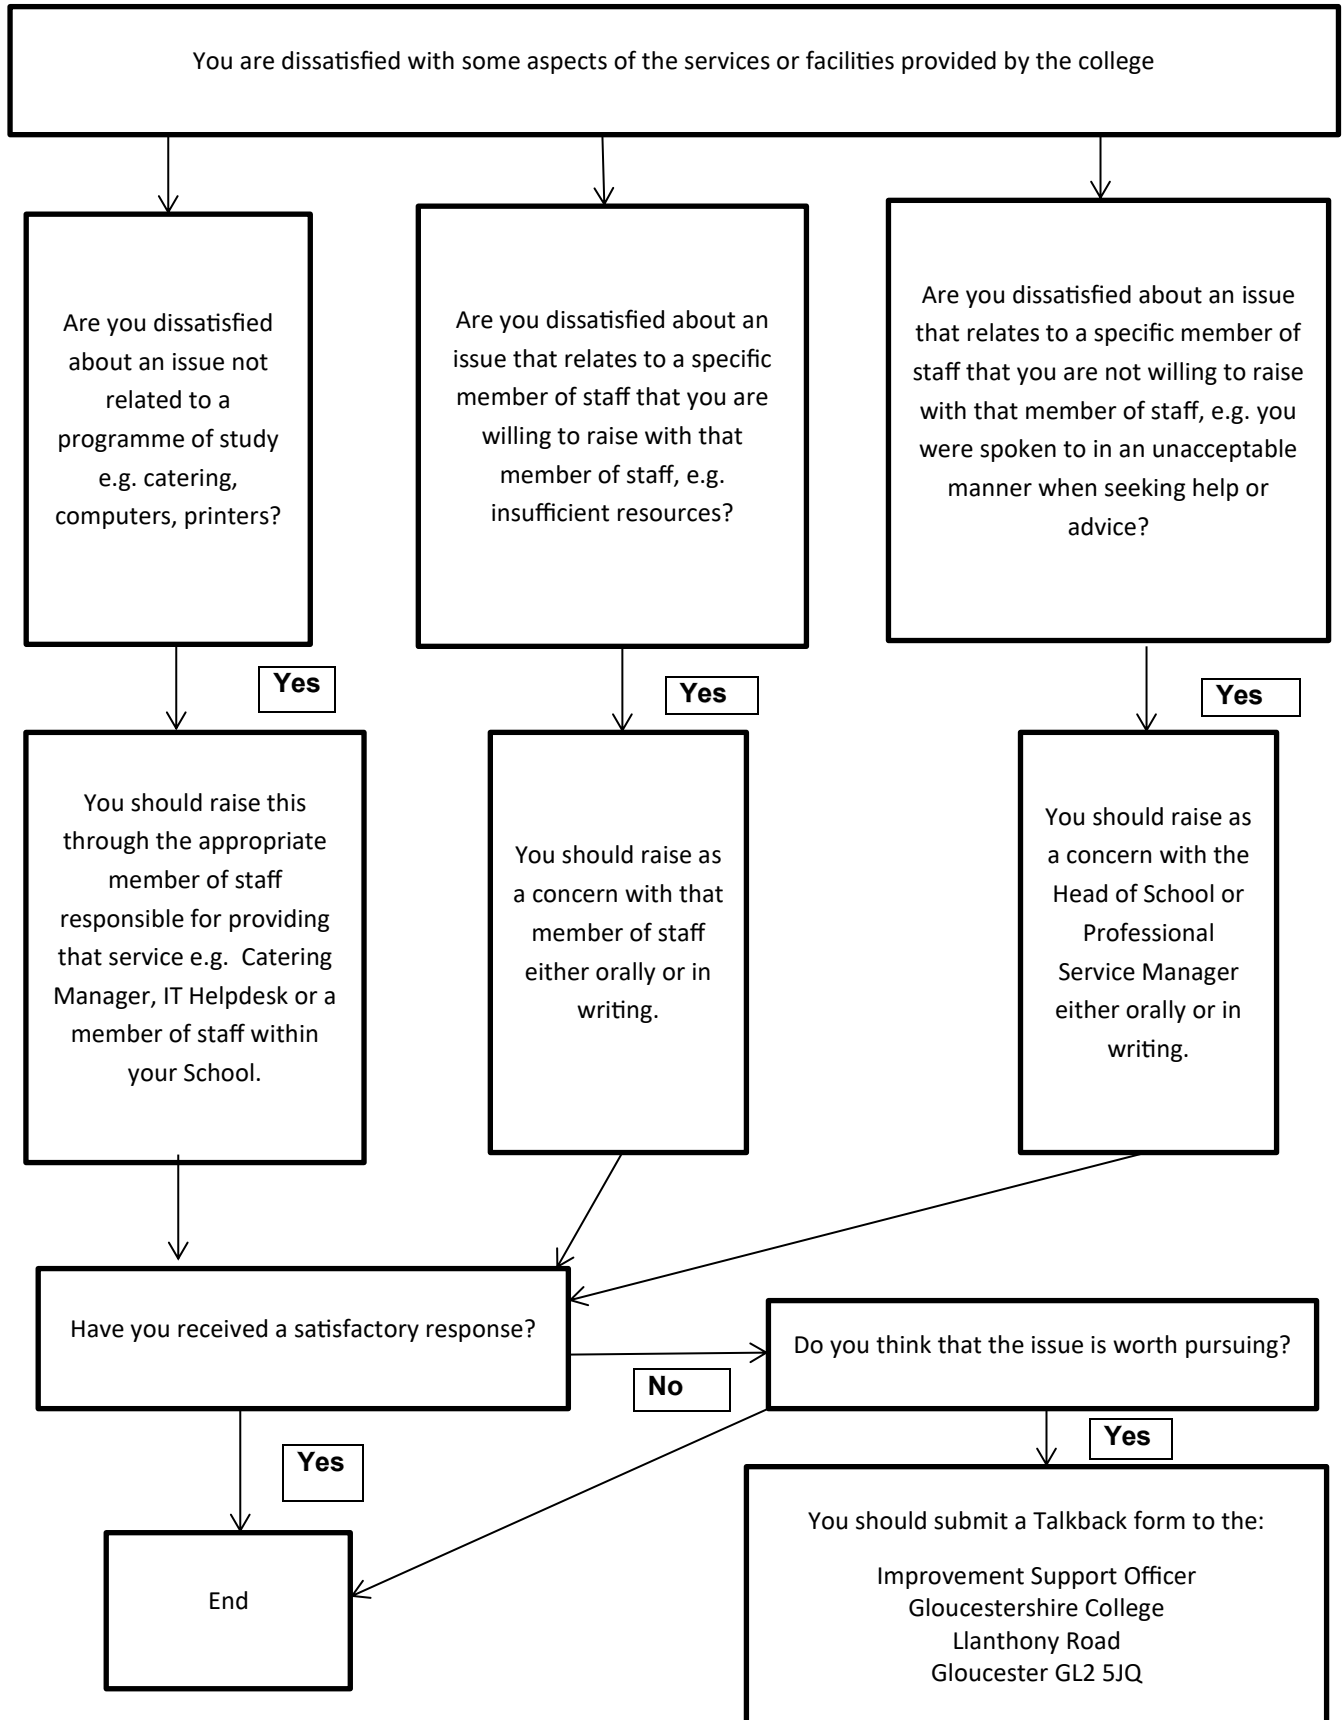

## **External Resolution**

If you are not satisfied with the outcome of the Stage 3 process you have the opportunity to appeal to the appropriate external body as detailed under paragraph 7 'Other Information' of this policy.
