

Leadership Skills Bootcamp for the Construction Industry

This Leadership* Course has been created with the aim of helping participants develop the key behaviours that underpin effective, collaborative leadership within the construction sector. Across eight interactive sessions, participants explore how culture, strategy, and communication drive performance and change, leaving with practical tools and a clear plan for personal and organisational growth.

Ideal for?

- ✓ Aspiring or newly appointed supervisors ✓ preparing for leadership roles
- ✓ First-line managers wanting to strengthen their performance and confidence
- ✓ Business owners responsible for leading growing teams
- ✓ Functional or technical experts ready to develop their leadership capability
- ✓ Leaders at any level seeking to build inclusive, collaborative leadership skills
- ✓ Recent apprentices (with two or more years experience) looking to progress

Details

8 weeks, 28th January 2026

- ✓ Engineers' House, The Promenade, Clifton Down, Bristol, BS38 3NB
- ✓ Covers culture, strategy, change, teamwork, inclusion, communication, & innovation

Learn from industry experts Kevin Harris, CEO of Constructing Excellence South West, and Lorrin White, ex CEO and Executive Mentor, specialising in leadership, strategy & organisational development. Includes Guest Speakers, exploring gender balanced leadership and difficult conversations in the workplace.
